

NO CUT IS MADE BY GOVERNOR IN APPROPRIATIONS FOR UNIVERSITY

All State Institutions Are Left Untouched and Salaries Bear the Brunt of Executive Disapproval.

TRAVELING AUDITOR TO WORK WITHOUT PAY

State Building at San Diego to Be Reproduced at Santa Fe According to Plans Already Formulated.

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, March 18.—At 4 o'clock this afternoon Governor McDonald filed with the secretary of state the general appropriation bill, from which he had selected a total of \$46,000 a year.

Every state institution received the amount provided for in the bill as passed by the legislature, and the main cuts were in items for salaries. Provision for the traveling auditor is eliminated altogether, the legislature having taken the appointment of the traveling auditor out of the governor's hands and vested it in the state auditor. It is certain that the state auditor will appoint the traveling auditor, and the legislature will have no say in the matter.

The bill also cuts out \$2,400 salary for the superintendent of insurance and \$1,500 allowed him for clerk hire, and eliminates \$1,200 clerk hire in the state auditor's office and \$200 in the state treasurer's office. The deficiency item of \$200 for the state college investigation commission is also eliminated.

Revenues Required About \$950,000. As it now stands the bill appropriates a little over \$900,000, to which must be added \$145,000 of continuing appropriations not especially mentioned in the measure, so that the total revenues to be raised are about \$950,000 per year.

Today was a red-letter day for Santa Fe, the governor signing house bill 186, appropriating \$30,000 for reproducing at Santa Fe the New Mexico building in the capital city. The citizens had been wrought up by rumors that the measure was in danger, and there were meetings of citizens and clubs of men and women, to plan quick action to obtain favorable consideration of the measure.

It was not until 2:30 o'clock this afternoon that the bill was filed with the secretary of state and the crowd went out to the capitol to the anxious Santa Feans.

Outlay of Close to \$100,000. Frank Springer, who is in San Diego perfecting plans for the reproduction of the building, was immediately notified by telegraph. Private subscriptions to the amount of \$30,000 will supplement the \$30,000 appropriated by the legislature. The building will also be donated to the commonwealth, so that with exhibits and furnishings the construction of the building means an outlay of not less than \$100,000. The bill provides that all the exhibits in the New Mexico building in Santa Fe shall be brought to Santa Fe at the end of this year and place the board of regents of the New Mexico museum in charge of the proposed new structure and its construction.

It was a big raft of bills that the governor signed today. He gave his approval to house bill No. 1, by Nestor Montoya, which modifies the road tax law, but only in so far that the tax can not be collected out of the wages of employees in the fields of the growers. He also signed a bill, introduced by the committee on judiciary, providing that any person residing in this state, selling food, fruits, farm and garden products exclusively, and fresh meats butchered from animals raised in this state, shall not be liable to pay an occupation tax or to obtain a peddler's or itinerant vendors' license to engage in such sales. The bill was originally introduced by Mr. Suiter, but was worked over by the committee on judiciary.

A bill in which the governor himself had been much interested and the passage of which he recommended was one of the last measures to be signed by him. It is senate bill No. 29, by Mr. Pankey, providing that the cattle sanitary board may levy a tax not to exceed three and a half mills. Formerly it was mandatory to levy the maximum. Under the new law only as much as is needed must be levied. The law also gives the cattle sanitary board greater latitude in expending money to stamp out epidemics.

Important to Teachers. Senate bill 103, by Mr. McCoy, signed by the governor today, relates to the certification of teachers and repeals sections 2 and 4 of chapter 87 of the laws of 1907. The law is of great importance to teachers, and provides for first, second and third grade certificates to be issued upon examination. State professional certificates and special certificates for primary subjects, agriculture, manual training, domestic science and commercial branches are also provided for. The bill carries \$1,200 to pay for the reading and grading of the examination papers, and gives the state board of education greater latitude in granting certificates.

Another educational bill signed by the governor relates to the state board of education and repeals section 1 of chapter 37 of the laws of 1907, and chapter 37 of the laws of 1912. It provides traveling expenses for the state board of education of ten cents a mile and a per diem of \$5.

Spanish Educational Bill. Most important, however, is the signing of house bill 185 and 189, the Spanish educational bills introduced by Mr. Sena. The first provides for the teaching of Spanish in the public schools and educational institutions. It appropriates \$10,000 a year for fifty scholarships for third grade teachers who speak Spanish and English fluently. The scholarships are in the normal university at Las Vegas and the normal school at Silver City. The appointments to scholarships are to be made upon recommendation of county superintendents, by the department of education.

House bill 175, by Mr. Blood, to provide for the auditing of municipal corporations and certain school districts, was signed, and is of some importance. It requires an annual report to be provided for and the result of the audit is to be published in a local newspaper.

Regarding Diseased Animals. House bill No. 209, by Mr. Black, is now law. It is to regulate the shipping and to control the radiation of hog diseases. It forbids the importation of diseased hogs or animals that have been exposed to infectious disease. All cars in which hogs have been shipped or are to be shipped must be cleaned and disinfected with prescribed solution. Penalties ranging from a fine of \$100 to \$500 and imprisonment up to six months are prescribed.

The Texas-New Mexico boundary litigation bill has finally become law, after many legislative changes. It was originally introduced by Mr. Renchan and provided for an appropriation of \$40,000 and for further contest of the suit. The appropriation was pared down to \$9,200 and includes a clause prohibiting the incurring of any further expenses.

House bill No. 231, by Speaker Romero, is now law and will bring satisfaction to the volunteer firemen of the state, for it appropriates from the insurance fund annual sums to the various fire companies of the state. The act requires annual reports from the fire companies showing how the money was disbursed.

To Room Automobile Business. House bill No. 3, by Mr. Neal, will prove a boon to the automobile business. It amends sections 4 and 15 of chapter 19 of the laws of 1913, and provides for a fee of 50 cents per horse power on automobiles in lieu of all other taxes on cars. The fees paid, less five per cent for administration, and amounting to approximately \$1,000 a year, are to be returned to the counties where they originated, to be expended on county roads. To counties like Bernalillo it will mean an annual addition of \$5,000 to the county road fund, while counties like Taos and Sandoval, which have only a few automobiles registered, will get only a trifling sum.

Ban on Joy Riding. The Blood Joy-Riding bill was signed at the same time. It is house bill No. 295, and prescribes a penalty for the unauthorized taking of automobiles, bicycles, motorcycles and other vehicles. It reads: "Any person who shall without the permission of the owner thereof take any automobile, bicycle, motorcycle or other vehicle for the purpose of temporarily using or operating the same, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$50 nor more than \$100, or by imprisonment for not less than thirty days nor more than three months, or by both such fine and imprisonment."

House joint resolution No. 20, was also approved. It appropriates \$720 for extra work to the capitol employees during the legislative session.

The committee on judiciary all day by committees and deputations whose representations were interrupted every minute or so by long distance telephone calls asking the governor whether this or that measure had met with his approval or whether this or that item of the appropriation bill had been cut. In Albuquerque boosters for the university were especially persistent in their activity, but it was not until late afternoon that the governor assured them that the university appropriation would not be cut.

ATTEMPTED TO COACH STORY OF WITNESS

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Indianapolis, Ind., March 18.—(By Associated Press.)—A witness in the trial of the city hall in Terre Haute until he pleaded guilty to a conspiracy to defraud a federal election, testified in court here today that Mayor Donn M. Roberts of Terre Haute had tried to tell him what to say if the grand jury got him. Roberts and twenty-seven others are on trial in Terre Haute for a conspiracy to defraud a federal election. The witness, who is a former associate of Roberts, testified that he was told by Roberts to say that he was a witness to the conspiracy, but that he was not a part of it. The witness also testified that he was told by Roberts to say that he was a witness to the conspiracy, but that he was not a part of it.

GUADALAJARA AGAIN IN HANDS OF CARRANZA

Los Angeles, Calif., March 18.—(By Associated Press.)—Guadalajara, which has changed hands twice before within the last few weeks, was recaptured yesterday by Carranza troops, according to a message received here today. One thousand men and several hundred machine guns and 20,000 cartridges were captured. The Carranza forces were reported to have entered the city without resistance.

CONTRACT IS SIGNED FOR FIRST SUBMARINE

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Washington, March 18.—Secretary Daniels today signed contract plans for the navy's first seagoing submarine and announced that it would be known as the Schley, in honor of the late Rear Admiral W. S. Schley. The contract as well as contracts for three harbor defense submarines were awarded to the Electric Boat Company of Groton, Conn.

GERMANY STIRS UP TRIBESMEN REBELLION

(BY MORNING JOURNAL SPECIAL LEADER WIRE) London, March 18 (9:30 p. m.).—The Indian office announces that documents have reached the government showing that German consular officials in Persia and agents of German firms have been engaged in intrigues, with the object of facilitating a Turkish invasion of Persia and promoting a rising of the tribes against Great Britain.

Telegrams are being public by the Indian office, which says, show that the German legation at Tehran were received there. These supplies were to be used to arm the tribesmen who were to attack Bushire.

WEATHER FORECAST

Washington, March 18.—New Mexico: Colder Friday; local snows north; Saturday fair.

FOREIGNERS NOT TO BE TAXED BY VILLA; WARNING SENT BY BRYAN

Effort to Collect Million Pesos in Monterey Causes Positive Protest From Department of State.

BATTLE IS ON NEAR CITY OF TAMPICO

Forces of Northern Chieftain Are Attacking Strongly Intrenched Carranza Army at Ebano, Is Report.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Washington, March 18.—A protest was sent by the United States today to General Villa against the collection from Americans or other foreigners of part of a special tax of a million pesos levied at Monterey.

The British embassy had brought to the attention of the state department a report received from Monterey saying that the British owned a light and power company there and had been called upon to pay \$35,000 as its share of the new tax. Just how the general assessment was to be applied, the state department was not informed, but the understanding was that General Villa had laid an omnibus tax on the city, leaving it to the authorities there to raise the money in whatever way they saw fit. The order was dated March 16, it was said, and fifteen days was the time given in which to raise the money.

Department's Statement. The brief statement by the department in regard to the matter said: "The department has been informed in advice emanating from Monterey that General Villa has imposed a forced contribution of 1,000,000 pesos on certain persons, including foreigners and church authorities. No details regarding the matter have yet been received."

The department has protested vigorously, notably in the case of the tax which General Obregon tried to collect in Mexico City recently, against the levying of taxes on automobiles, bicycles, motorcycles and other vehicles. It reads: "Any person who shall without the permission of the owner thereof take any automobile, bicycle, motorcycle or other vehicle for the purpose of temporarily using or operating the same, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$50 nor more than \$100, or by imprisonment for not less than thirty days nor more than three months, or by both such fine and imprisonment."

House joint resolution No. 20, was also approved. It appropriates \$720 for extra work to the capitol employees during the legislative session.

The committee on judiciary all day by committees and deputations whose representations were interrupted every minute or so by long distance telephone calls asking the governor whether this or that measure had met with his approval or whether this or that item of the appropriation bill had been cut. In Albuquerque boosters for the university were especially persistent in their activity, but it was not until late afternoon that the governor assured them that the university appropriation would not be cut.

HEAVY COLUMNS OF CONVENTION TROOPS MARCH TOWARD TAMICO

Several Important Victories Gained, According to Dispatches Sent to the Associated Press.

VILLA PERSONALLY MOVES ON MATAMORAS

In Minor Battles Carranza Forces Lose Many in Captured and Large Quantities of Arms and Ammunition.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) El Paso, Tex., March 18.—Several victories for the Villa troops have been gained today as a result of the attitude expressed by the board of regents in a public statement regarding the recent dismissal of four professors and the demotion of the head of the English department. They are: Byron Cummings, dean of arts and sciences; William G. Roylance, professor of history; Charles Taylor Vortices, zoology and botany; Joseph Peterson, psychology; Ralph L. Hyman, bacteriology; Henry A. Matkall, chemistry; Frank E. Holman, dean of law; R. G. Sharp, neurology and histology; Harold M. Stephens, lecturer in law; George A. Hedgers, registrar and instructor in English; Lafayette Lents Butler, professor of English; F. C. Flood, instructor in English, and Robert S. Lewis, mining and metallurgy. Other resignations are expected.

Well Known Educators. Several of the men named have been with the university many years and all are well known educators. Their action is a direct result of the attitude of the regents in upholding President J. T. Kingsbury's dismissal of four professors and demotion of the head of the English department recently and in declining to make an investigation of the facts in connection with a public investigation of the situation. It was denied by some of the regents at the time that any such reasons were involved and this denial was repeated in detail in a long statement made public by the regents today. The statement was authorized at a meeting of twelve of the fourteen regents, four of whom voted against the adoption of the statement which had been prepared in advance of the meeting.

Criticized Regent. The statement of the regents strongly commends President Kingsbury and sets out that two of the dismissed professors had criticized the administration of the university and had spoken of the regents as the chairman of the board of regents and that the positions of two others had been abolished. It was also intimated that Prof. G. M. Marshall, head of the English department, had been a public investigator of the situation. The statement was demoted on account of impairment of his efficiency and vigor. He was appointed professor of English, and instructor of the English department at the University of California at Los Angeles. He was appointed to succeed him as the head of that department.

Referring to the action of the alumni recently, when a committee headed by former United States Senator J. L. Rawlin was appointed to conduct a public investigation of the situation, the statement said: "The committee was appointed to conduct a public investigation of the situation, and the statement was demoted on account of impairment of his efficiency and vigor. He was appointed professor of English, and instructor of the English department at the University of California at Los Angeles. He was appointed to succeed him as the head of that department."

Policy is Condemned. The dismissed professors declined to appear before the regents until assured that evidence would be received as to the justice of the accusations made against them.

After all of these, who tendered their resignations today indicate dissatisfaction with the present policies of the university. Their letters contain such expressions as "a policy that is a menace to academic freedom," "a policy of repression," "a policy of academic freedom and a forward-looking policy is a richer environment than larger appropriations and the good will of outside interests whether religious, political or financial," "cannot maintain allegiance to an institution which permits indefensible injustice to individuals," "a policy out of harmony with the rights and dignity of my profession," and "if present policy is continued, progress will be at a standstill or will go backward and the institution will come to an end."

Four Professors Discharged. The four men dismissed recently are: A. K. Knowlton, professor of physics; George C. W. W. professor of zoology; Charles W. B. professor of zoology; and Charles W. B. professor of zoology.

The board of directors, which concluded its sessions tonight, elected Samuel McRoberts, a New York banker and Joseph De Forest, a Chicago lawyer, vice presidents of the chamber, and William Butterworth, a Missouri, Ill., business man, a director.

Monument to America. Brussels, Belgium, March 18 (via London, 2:25 p. m.).—Prominent Belgians connected with the national committee formed for the purpose of looking after Belgian interests during the war, have formed an organization to erect a monument to America in token of gratitude for the assistance given by the United States in feeding the war sufferers in this country. The monument will be erected at the corner of Avenue Louise and Boulevard Waterloo, the most conspicuous spot in Brussels. The design of the monument will be decided later.

PERSONNEL OF TRADE COMMISSION NAMED

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Washington, March 18.—Appointment of a trade commission to promote co-operation between business and the new federal trade commission was announced here tonight by the directors of the chamber of commerce of the United States. The personnel of the commission follows: Harry A. Wheeler, chairman, banker, Chicago; Alfred R. Koch, merchant, Ohio; Rush C. Butler, lawyer, Chicago; W. G. Saunders, manufacturer, New York; Guy E. Tripp, manufacturer, New York; Harry E. Senger, professor of political economy, Columbia university; Alexander W. Smith, lawyer, Atlanta, Ga.; Joseph P. Cotton, lawyer, New York; W. C. White, mining expert, University of West Virginia.

The board of directors, which concluded its sessions tonight, elected Samuel McRoberts, a New York banker and Joseph De Forest, a Chicago lawyer, vice presidents of the chamber, and William Butterworth, a Missouri, Ill., business man, a director.

UNIVERSITY OF UTAH FACULTY DISRUPTED BY A BITTER FIGHT

Thirteen Professors of Institution Resign as Result of Vote by Regents to Sustain President.

MORMON POLITICS IS INVOLVED IN STRUGGLE

Four Educators Dismissed by Head of College Who Is Sustained by Board; Trouble Follows Fast.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Salt Lake City, Utah, March 18.—Thirteen state university professors resigned today as a result of the attitude expressed by the board of regents in a public statement regarding the recent dismissal of four professors and the demotion of the head of the English department. They are: Byron Cummings, dean of arts and sciences; William G. Roylance, professor of history; Charles Taylor Vortices, zoology and botany; Joseph Peterson, psychology; Ralph L. Williams before the jury is asked to decide whether Mrs. Angle caused the death of Walter R. Ballou in Stamford on the night of June 23 last.

Counted for the defense today announced the police methods of investigation and the results of the investigation. The case of Mrs. Helen M. Angle, who has been on trial here for eleven days for manslaughter, is expected to go to the jury some time tomorrow. At adjournment today there remained only the closing address by State Attorney Cummings and the charge of Judge W. H. Williams before the jury is asked to decide whether Mrs. Angle caused the death of Walter R. Ballou in Stamford on the night of June 23 last.
